

Dear friends of Envision,

volume 13, Number 1 - 01-2016

It's been a good year as you could tell from the last newsletter, but it's also been a difficult year. We've been so tired in the work and some of our staff have had some pretty significant health concerns. The endless needs that arise, the folks who leave the faith, the areas in our lives that still need to grow can be so taxing that at times we don't know if we can go on, but the LORD always gives grace. Yet, as a part of that grace, the elders at Hope in Christ who are over the Senti family have strongly recommended a month sabbatical. So the Senti's will be taking the month of January off. Our staff will keep things going and Hope in Christ church will especially be helping with the Jesus Gathering on Sundays.

So keep us in prayer as we rest and consider the vision for 2016, for which we are excited, but will involve some needed changes. Likely we will have less programs and more emphasis on relationships and shared leadership. But I'll send a newsletter next month describing that in more detail. For now, we're going to focus on rest and refreshment in the LORD.

The LORD is still working and the Gospel is still preached. In the next newsletter I'll share some more of those stories of his grace. We are so grateful for your continued support and prayers!

Here are some pictures from the "My Church" fundraiser from October:

Shalom, Mitchell Senti
